Fiberon Enters into Distribution Agreement with ABM

New London, NC – (September 17, 2012) – Fiberon, a leading manufacturer of PVC and composite decking, railing and fencing products, announces a distribution agreement with Associated Building Material Distributors of America, Inc. (ABM), headquartered in El Dorado Hills, CA.

“We welcome our affiliation with ABM”, says Doug Mancosh, Fiberon president and CEO. “ABM provides Fiberon an opportunity to develop relationships with many ABM members over their national footprint of independent world-class distributors,” states Mancosh.

“ABM is very excited to have reached this agreement with Fiberon” states Garry Tabor, ABM President & CEO. “In an ever-changing composite decking landscape, Fiberon has displayed great consistency in product quality, innovation and corporate stability. This agreement will allow select members of the ABM family the opportunity to distribute a product that is considered first-in-class and is compelling at each level of our market channels,” states Tabor.

Fiberon will deliver PVC and composite decking and railing products including Outdoor Flooring, Horizon decking and railing and Pro-Tect decking to participating ABM distributors.

About Fiberon

Fiberon is a leading manufacturer of PVC and composite decking, railing and fencing products used in residential and light commercial construction in North, Central, South America, Europe, Asia and Australia. Through extensive product development and leading-edge manufacturing capabilities, Fiberon created the benchmark for innovative, alternative outdoor living products. Fiberon is proud to be a sponsoring member of the North American Deck and Railing Association (NADRA), whose mission is to provide a unified source for professional development and a voice for code development for the decking and railing industry in North America. Fiberon was founded in 1997 and is privately owned with operations in North Carolina and Idaho.
